

MRL Risk Assessment

We have outlined the following risks in relation to MRL for tree fruit.

RISKS:

- ✓ Improper chemical use.
- ✓ Improper chemical mixes.
- ✓ Improper application rates.
- ✓ Illegal chemical use.
- ✓ Counterfeit formulations/chemicals.

By following the below outlined mitigation we determine the risk of MRL non-compliance to be very low.

- ✓ Mitigation:
- ✓ Only rely on licensed competent chemical advisors.
- ✓ Only allow trained personnel to apply and mix chemicals.
- ✓ Review label prior to use.
- ✓ Follow all label instructions.
- ✓ Participate in a MRL monitoring group.
- ✓ Review spray records prior to export.
- ✓ Only purchase chemicals from the following authorized providers:

NORTHWEST WHOLESALE
SIMPLOT
WILBUR ELLIS
GS LONG
QUINCY FARM CHEMICAL
AG SUPPLY
CHAMBERLIN DISTRIBUTING
